

**UNIVERSITY OF ABUJA**  
**CENTRE FOR UNDERGRADUATE RESEARCH**  
*Theme: Promoting National Development through Research*

**RESEARCH GRANT EXPRESSION OF INTEREST TEMPLATE**  
**2021/2022 ACADEMIC SESSION (SECOND SEMESTER)**

**Proposed Research Title (Not more than 18 words):**

---

---

**Which thematic area does your research address? Indicate 1 or 2 from the list below.**

- Economic Prosperity
- Food Security
- Educational Opportunity
- Quality Health
- Climate Change and Environmental Protection
- Any other innovative solution to our societal issues

**Researcher(s) Details:**

Please enter the First Name, other names, University email address, Phone Number, Course of Study, and other details of each team member below. Please also indicate how each team member will contribute to the implementation of the research. Maximum of four members in a team

**Team Leader**

**Surname:**

**Last Name:**

**Matric. Number:**

**Level:**

**Department:**

**Faculty:**

**Phone Number:**

**WhatsApp Number:**

**Email Address:**

**Contribution to the research (max 100 words)**

**Collaborator(s) if any**

**Collaborator's Surname:**

**Last Name:**

**Matric. Number:**

**Level:**

**Department:**

**Faculty:**

**Phone Number:**

**WhatsApp Number:**

**Email Address:**

**Contribution to the research (max 100 words)**

**Mentor's Details** (your mentor must be an academic staff of University of Abuja)

**Name:**

**Position:**

**Department:**

**Faculty:**

**Email address:**

**Phone Number:**

**Problem Identified:** What is the challenge or need that your research/innovative idea will address? Describe the specific need or challenge that your team will address with this research. (3-5 sentences) 150 word limit

**Objective(s):** Briefly explain what you intend to achieve with your research. (3-5 sentences) 150 word limit

**Methodology:** How and when will you carry out your research? What innovative methods will you use? Briefly describe your specific solution or approach to address the need or challenge, explain why it is innovative, and show the monetizing capabilities that it possesses. (include quantitative information where possible) 300 word limit

**Motivation:** What is new about the research/project/innovation?

**Expected Output:** Briefly explain the expected outcome/deliverables/outcome of your research 200 word limit

**Contribution to National Development:** How will the research/ project impact our community? What changes (in people, institutions, processes, attitudes, practices) do you think you will see? 200 word limit

**Stakeholders:** Who will be involved? Who will benefit from your research output? State the relevant industry (organizations/institutions) to your research and their locations. Briefly explain how your research output can be commercialised or enhance profitability.

**Estimated Cost:** What is the estimated cost of your innovative idea? Details would be required at proposal stage

**Timeline:** What is the estimated time frame for your research? A detailed flowchart would be required at proposal stage
